

Best Buy Return & Exchange Policy

Official Standards for Returns, Exchanges, and Replacement of Damaged/Defective/Incorrect Items
(Real Policy Text)

Document Code: BBY-RTN | Version: 3.2 | Effective Date: January 1, 2026 | Classification: Internal / Customer-Facing Policy

Source

This document reproduces the official Best Buy Return & Exchange Policy, retrieved from bestbuy.com (Best Buy Co., Inc.), effective date February 23, 2026. It is real, live retailer policy text covering returns, exchanges, and replacements for damaged, defective, or incorrect items.

1. Return and Exchange Periods

The time period begins the day the customer receives the product and applies to new, clearance, open-box, refurbished, and pre-owned products. This policy applies to purchases shipped from and sold by Best Buy at Best Buy, Best Buy Outlet, Pacific Sales, Pacific Sales Outlet, Magnolia Design Center, Best Buy Education, and Best Buy Business. Marketplace Products (sold by third-party Marketplace Sellers) have the same return policy as Best Buy products unless noted otherwise.

Member Status	Standard	My Best Buy Plus / Total Members (excludes Marketplace)
Most products	15 days	60 days
Activatable devices*	14 days	14 days

*Activatable devices include cell phones, cellular tablets, mobile hotspots, and cellular wearables. Verizon devices capable of activation have a 30-day return period for all customers.

2. Restocking Fees

Product	Returns Fee
Activatable devices (excluding prepaid phones)	\$45

Product	Returns Fee
Drones, digital cameras, camera lenses, camcorders (incl. action cameras), golf launch monitors, premium scooters, super scooters, mobility scooters, electric wheelchairs, leg/body recovery systems, projectors, projector screens, premium cold tubs, premium saunas, special-order products	15% of item purchase price

There is no restocking fee if the product is unopened, or if the purchase occurs in AL, CO, HI, IA, MS, OH, OK, SC, or where prohibited by law. The restocking fee will be taxed in select states.

3. Nonreturnable Items

Nonreturnable once purchased

- Custom orders, personalized orders, and items marked Final Sale.
- Non-subscription digital content (including digital gaming, excluding Microsoft Office), codes, or prepaid cards (including third-party gift cards and prepaid phone cards).
- Vehicle replacement key fobs, memberships, trading cards (including Pokémon cards).
- Products with 300 or greater watt-hour capacity, golf carts, utility terrain vehicles, electric bikes, electric mopeds, and plumbing items.

Nonreturnable once opened

- Products that interact with bodily fluids, SIM kits, LEGO products.
- Completed services, delivered home standby generators, delivered whole-home backup.
- Marketplace Sellers' entertainment products (physical software, movies, music, video games, books, guides, sheet music).
- Consumable items, including batteries, cleaning agents, oils, fuel, filters, cleaners, health supplements, health test kits, ink, and 3D printer filament.

Hazardous materials

Due to U.S. Department of Transportation regulations, products classified as fully regulated hazardous materials — including flammable liquids, flammable gases, and lithium batteries with a capacity of 300 watt-hours or more — cannot be returned through Best Buy channels. Items that include a rechargeable battery must include the original battery to qualify for a return.

4. Like-New Condition Requirement

Items need to be returned in like-new condition. Items that are damaged, unsanitary, dented, scratched, or missing major contents may be denied a return. Apparel must not be worn or laundered, and original tags must be attached for Best Buy to accept the return.

5. Damaged, Defective, or Incorrect Items (Replacement Path)

If a customer receives a product from Best Buy that is damaged in shipping, defective, or not the product ordered, the customer should return it during the return and exchange period and Best Buy will arrange for a replacement. Customers preferring to return by mail during the return period should call for special instructions.

For Marketplace Products that are damaged in shipping, defective, or not the product ordered, the customer should log into their Best Buy account, notify the Marketplace Seller of the issue through the account, print a prepaid shipping label, and ship the item to the Marketplace Seller during the return period.

6. Refund Method and Timing

With a few exceptions, Best Buy and Marketplace Sellers reimburse customers the same way they paid. Customers may also choose to exchange for the same item if the purchase was with Best Buy directly.

- Returns by mail: processed within 7-10 business days of receipt; may take up to 10 additional days to reflect on the customer's bank account.
- Cash payments over \$800, or check/debit-without-major-card payments over \$250: refunded by check within 10 business days.
- Best Buy Gift Card payments: refunded as a new Best Buy Gift Card or e-Gift Card.

7. Special Considerations Relevant to Fraud and Verification

Returns lacking proof of purchase

Reimbursements on returns lacking proof of purchase may require an email address, will be in the form of store credit, may be denied or limited, and state sales taxes and fees will not be reimbursed.

Product accessories and packaging

Customers must return items with all accessories and packaging. If they do not, Best Buy and Marketplace Sellers may either deny the return or allow a return with a nonrefundable deduction for what is missing.

Bundle discounts and free items

If a customer received a discount or free item by purchasing multiple items together, they will lose that benefit if they do not return all items purchased as part of the bundle.

Connected and Wi-Fi devices

Customers must ensure all data has been removed and the device is no longer linked to any cloud account or other device before Best Buy or a Marketplace Seller may accept the return. Customers returning a phone or device with a carrier contract are responsible for canceling their service contract and for all carrier charges.

8. Entertainment Products

- Opened physical copies of computer software, movies, music, video games, books, video game guides, and sheet music purchased from Best Buy can only be exchanged for an identical item — not refunded.
- The same items purchased from a Marketplace Seller are non-returnable once opened.

9. Extended and Category-Specific Return Periods

- Litter boxes: 90-day return policy for all customers, including Membership Program members.
- Pet training devices and hearing aids: 60-day return policy for all customers, including Membership Program members. Hearing amplifiers follow the standard 15-day policy.
- Halloween and Christmas Decorations: 15 days for all customers.
- Microsoft Office: 30 days for all customers, including Membership Program members, for a full refund.

10. Heavy Items and Major Appliances

Customers should inspect major appliances before accepting delivery and may refuse delivery if an issue exists. Once delivery is accepted, customers should contact Best Buy directly (not the store) regarding defects, damage, or other issues. Some Heavy Items (e.g., Burrow, Lovesac, Plunge, Sun Home) must be returned directly to the manufacturer rather than through standard Best Buy channels.
